

AGREED-UPON PROCEDURES REPORT

Produced for:

BUCK

As of March 12th, 2026, 3:00 PM ET

The Network Firm

Independent Accountant's Report on Agreed-Upon Procedures

To Management of Buck Assets Ltd.

We ("The Network Firm" or "TNF") have performed the procedures enumerated below on the in-scope assets ("Buck Assets") held and controlled by Buck Assets Ltd. ("Buck") in association with its sole shareholder, the Buck Foundation (the "Foundation"), and designated by Management to support the Buck Platform, as of March 12, 2026, 3:00PM Eastern Time ("ET") (the "Snapshot Date and Time"). Management of Buck is responsible for the Buck Assets held. Management of Buck has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose of reporting on Buck Assets held and controlled by Buck designated to support the Buck Platform as of March 12, 2026, 3:00PM ET.

This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

We were engaged by Buck to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the AICPA. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on Buck Assets held and controlled by Buck designated to support the Buck Platform. Accordingly, we do not express such an opinion or conclusion. We did not perform any procedures regarding the operating effectiveness of Buck's internal controls. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Buck and to meet our ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

Digital assets are an evolving area of technology subject to changing regulatory oversight and marketplace activity. Anyone who acquires, trades, or utilizes digital assets is responsible for informing themselves of the general risks and uncertainties.

The procedures and associated findings do not, and are not intended to, provide findings related to the overall financial health and solvency of Buck, its custodial counterparties holding Buck Assets, or redeemability of any associated tokens or contracts related to the Buck Platform, and are limited to the subject matter above.

We did not perform procedures over specific aspects of the Buck Platform, including but not limited to the Buck Token deployed on the Ethereum blockchain at the smart contract address 0xdb13997f4D83EF343845d0bAEb27d1173dF8c224, 1:1 backing of Buck Assets to the Buck Tokens, or any other associated valuations of the Buck Tokens.

As set forth in the [Company's Terms and Conditions](#) as of the Snapshot Date and Time, Buck Tokens are not pegged to, and do not purport to maintain a stable or fixed value relative to, any asset, including USD, Bitcoin, or Strategy Inc. Preferred Shares Series STRC (Clause 2.7.7 and 2.7.9), listed on the NASDAQ ("STRC"). Token holders do not possess any legal, contractual, ownership, or economic claim to the Buck Assets held by the Company (Clause 2.7.8), and Buck Tokens are not redeemable at the instruction of

token holders (Clause 2.7.10). The Company's decisions to acquire additional STRC or similar assets, to mint additional Buck Tokens, or to undertake any form of reward or promotional program are entirely discretionary and may be modified, suspended, or terminated at any time (Clause 2.7.4). Accordingly, this report should not be interpreted as procedures over findings that demonstrate that Buck Assets serve as collateral, backing, or guarantee of any kind for the outstanding Buck Tokens.

This report is intended solely for the information and use of Buck and the Foundation's Management. The practitioner's report is as of a specified point in time and The Network Firm has no responsibility to update the report or findings therein for subsequent points in time.

Procedures and Findings

The Network Firm performed the following agreed-upon procedures as of March 12, 2026, 3:00PM ET ("Snapshot Date and Time"):

1) Obtain a listing of in-scope on and off-chain assets controlled by Buck Assets Ltd. ("Buck") designated to support the Buck Platform ("Buck Assets") from Buck Management, along with a description of the custodial arrangement for which each Buck Asset is held.

Findings: The Network Firm obtained a listing of Buck Assets and a description of each custodial arrangement for which each Buck Asset is held and documented within the table below.

Buck Asset	Custodial Arrangement	Description of Custodial Arrangement
Strategy Inc. Preferred Shares Series STRC ("STRC")	Brokerage Account: Alpaca	STRC equity shares held in an Alpaca brokerage account.
USD Cash	Brokerage Account: Alpaca	USD cash held within the same Alpaca brokerage account as STRC. Cash balances consist of STRC dividend proceeds and uninvested funds.
US Dollar Coin Stablecoin ("USDC")	Blockchain-based Address: On-Chain Liquidity Reserve Contract Vault	USDC held in a smart contract deployed on the Ethereum blockchain at smart contract address 0x1A426E3A87368a4851f7443Ff656A054Af872f66 controlled by administrative keys in Buck's multi-party computation ("MPC") wallet.

2) For Buck Assets held in brokerage accounts identified in Procedure 1, perform the following:

- Observe Buck Management access the brokerage account(s) and retrieve the Buck Asset balance data as of the Snapshot Date and Time.**
- Observe and document the unit balance and fair value of each Buck Asset held in the brokerage account(s).**
- Observe the entity titling of the account(s). In circumstances where the account is titled under a prior entity name, inspect the chain of Certificates of Name Change to establish that the account holder is the same legal entity as Buck Assets Ltd.**

Findings: For Buck Assets held in brokerage accounts identified in Procedure 1, The Network Firm performed the following. As of the Snapshot Date and Time, we observed Management of Buck access the Alpaca brokerage account and retrieve the Buck Asset balance data as of the Snapshot Date and Time. The Network Firm documented the unit balance and fair value of each Buck Asset held in the account observed. The Network Firm noted the brokerage account was titled in the entity name of "Strong Stretch Ltd." The Network Firm inspected the chain of BVI Certificates of Name Change, and observing the most recent name change as of December 4, 2025, filed with the Registrar of Corporate Affairs of the British Virgin Islands, establishing that Strong Stretch Ltd. is the same legal entity as Buck Assets Ltd.

Asset	Quantity	Price	Fair Value (USD)
STRC (Equity Shares)	15,285.00	\$100.01	\$1,528,652.85
USD Cash	117.46	\$1.00	\$117.46

3) For Buck Assets held in blockchain-based address(es) identified in Procedure 1, perform the following:

- Demonstrate control of the blockchain-based address(es) by observing the Admin Owner Vault account address(es) within the Company's MPC wallet. Furthermore, input the ADMIN_ROLE and Admin Owner Vault address(es) into the "hasRole" function in Etherscan and observe a "True" response from the contract call.**
- Query the blockchain-based address(es) for Buck Assets as of the Snapshot Date and Time.**
- Document the units observed from the query and the fair value per unit (with pricing provided from CoinGecko) for each Buck Asset. For stablecoins, assign a fair value per unit of \$1.**
- Multiply the units of the Buck Assets observed in the blockchain query by the fair value per unit to calculate the USD value.**

Findings: For Buck Assets held in blockchain-based address(es) identified in Procedure 1, The Network Firm observed the Admin Owner Vault account address(es) within the Company's MPC wallet. Subsequently, The Network Firm input the ADMIN_ROLE and Admin Owner Vault address(es) into the "hasRole" function in Etherscan and observed a "True" response from the contract call. Then, The Network Firm queried the blockchain-based addresses as of the Snapshot Date and Time, documented the units observed and the fair value per unit for each Buck Asset, and multiplied the units of each Buck Asset by the fair value per unit to calculate the USD value as presented in the table below.

Buck Asset	Blockchain-based Address	Quantity	Price	Fair Value (USD)
USDC	0x1A426E3A87368a4851f7443Ff656A054Af872f66	489,446.19	\$1.00	\$489,446.19

4) Calculate the sum of Buck Assets observed in Procedures 2 and 3 and document the total Buck Asset value denoted in USD in a table.

Findings: The Network Firm calculated the sum of in-scope assets observed in Procedures 2 and 3. The total in-scope asset value as of the Snapshot Date and Time was \$2,018,216.50, as documented in the table below:

Buck Asset	Quantity (Units)	Price per Unit	Fair Value (USD)
STRC (Equity Shares)	15,285.00	\$100.01	\$1,528,652.85
USD Cash	117.46	\$1.00	\$117.46
USDC	489,446.19	\$1.00	\$489,446.19
Total Buck Assets			\$2,018,216.50
